

## Table of Contents

Introduction .....	1
The truth about signing Managed Care Provider Agreements .....	4
Walk-the-walk and talk-the-talk of Managed Care contracting .....	5
So how should one start preparing for negotiations? .....	11
What cannot be changed? .....	15
What can be changed/could be changed if the payor is willing? .....	16

## Terms And Conditions Common To Provider Agreements

Accuracy of information .....	18
All products clauses (provisions) – all or nothing .....	20
Amendments .....	21
Regulatory changes .....	22
Rejecting a change without being subject to it .....	23
Acceptance without reply .....	24
Unilateral changes .....	24
A very tricky example of what would seem to be double-talk. ....	32
Another simply awful set of provisions covering Amendments .....	34
Assignment .....	35
Can you take over another entity's existing contracts and any better reimbursements? .....	36
Audits: limiting direct access to electronic records in order to protect your data and system .	38
Capacity requirements .....	40
Chart requests – formerly an inconvenience, now becoming a nightmare on steroids .....	41
Claims submission timelines .....	49
The “Notice Prejudice Rule” .....	50
Company (payor) representations .....	51
Compliance with company policies .....	52
Covered services .....	54
Data requirements .....	55
Dispute resolution/arbitration .....	55
Eligibility .....	56
Entire agreement – oral representations .....	59
Equipment (use of yours) .....	61
Governing law/compliance with laws .....	63
Hours of operation .....	64
Indemnification .....	65
New technologies/new services/unlisted services.....	68
Non-Discrimination .....	68
Notices .....	71
Overpayments (and underpayments) .....	76
Payment policies .....	78
Payment in full .....	81
Retroactivity .....	83
Subrogation .....	88

Term and termination .....	92
Termination with-cause and without-cause .....	94
Termination with or without-cause (“economic credentialing”) .....	97
Termination – continuation of care once an agreement ends .....	98
Termination – notifying Members .....	99
Timely payment (timing of payments) .....	100
Withholds and reserves .....	103
Surprises hidden in plain sight .....	105

## **Preparing For Negotiation And Renegotiation – Reviewing The Documents**

Getting started with negotiations/renegotiations .....	106
Finding (obtaining) copies of all of your existing Provider Agreements and associated exhibits, attachments, appendices, and amendments .....	107
Prioritizing agreements based on patient volume and revenue. ....	107
Requesting draft copies of the latest version(s) payors are using .....	109
Reviewing draft copies of prioritized agreements and securing management team input ..	110

## **Looking At The Numbers – The Dollars And Cents (The Dollars and Sense?)**

Negotiating or renegotiating reimbursements .....	112
Analyzing current or proposed physician reimbursements .....	112
Analyzing current or proposed facility reimbursements if paid by CPT .....	115
Analyzing current or proposed facility reimbursements if paid by groupers .....	115
Measuring expectations and success in an evolving marketplace .....	120
Differentiation – what makes your practice or facility special? .....	122
What to discuss first -- language or reimbursements? .....	123
What are reasonable reimbursement requests? .....	124
Thinking a bit outside the box part 1a – carve outs.....	125
Thinking a bit outside the box part 1b – a carve out “oops” .....	127
Thinking a bit outside the box part 2 – reimbursement accelerators .....	128
Thinking a bit outside the box part 3 – payment for multiple surgeries and implantables .....	128

## **Capitation For Ophthalmology**

Some additional thoughts on capitation for ophthalmology .....	130
Key information necessary for any chance at successful capitation contracting .....	132
Included and excluded services – how much should (can) you take on? .....	133
First rule of thumb .....	134
Second rule of thumb .....	135
Suggested exclusions .....	135
Always should be excluded .....	135
Excluded based on group/network capability and financial logic .....	135
Negotiation “must-haves” .....	136
What to do with excluded services .....	136
A quick thought on buffering capitated risk .....	137
Some capitation traps: Watch for these .....	137

## ERISA

A few thoughts on ERISA .....	139
-------------------------------	-----

### You Gotta' Be Kidding (Strange Tales)

#1 When a payor demonstrates perplexing intransigence (Part 1).....	142
#2 Same ownership? Yes, but so what .....	143
#3 Same company? Yes, but so what .....	144
#4 Why are you making us the bad guys when patients have financial hardships? .....	144
#5 Do you really think we're that naive? (Apparently, yes.) .....	145
#6 Doctor, we're offering faster payment if you'll accept even lower reimbursements. (Seriously? Apparently, yes.) .....	146
#7 Oh, how the times they are a changing.....	147
#8 You're terminated. And then you're not .....	148
#9 The worst provision ever? .....	149
#10 Step Therapy, a delayed/refused payment problem that likely may not be solved through negotiating the Provider Agreement.....	150
#11 Has your Provider Agreement been approved by state regulators?.....	152
#12 When a payor demonstrates perplexing intransigence (Part 2) .....	153

### Check Lists

Provider Agreement Analysis and Negotiations .....	156
